

**Services for Evaluation and Moving:**

AMCS has an inventory of pre-owned plants of various sizes and types. Our service department can assess the capabilities of these plants or other plants and provide services including but not limited to:

- Plant Relocations
- Plant Re-life Assessment, Refurbishment and Modification
- Plant Re-life project execution
- Consulting on requirements for plant acquisitions

Please complete one of the following forms for information on any of our pre-owned plants:
